ŽIVOTOPIS

OSOBNÉ ÚDAJE:

Narodený: 4.07.1968, Lublin, Poľsko.

VZDELANIE:

1975-1983: Základná škola, Lublin, Poľsko.

1983-1987: III High School named Union of Lublin in Lublin, mathematical and physical profile class with the English language.

1987: Secondary school certificate

1987-1992: Studies at the Faculty of Mechanical Engineering, Lublin University of Technology

– diploma course: Mechanical Engineering,

– specialty: Cars and Tractors

– specialization: Operation of Vehicles

– Študentská stáž: FMR AGROMA v Lubline (30 dní), Car Factory v Lubline (30 dní).

1991: výhra v súťaži: „PRIMUS INTER PARES”

1992: Diplomová práca na tému: *Štúdia vplyvu regulačného nastavenia zážihu motora vybraného automobilu na funkčné parametre*. Faculty of Mechanical Engineering, Lublin University of Technology.

1993-1995: Pedagogické štúdium, Faculty of Management and Fundamentals of Technology, Lublin University of Technology.

1994: Podniková stáž v podniku: Team Power Hydraulics Research Department of Endurance Research Centre for Technology and Communication Equipment Factory "PZL-Swidnik" S.A. WSK.

1998: Dizertačná práca: *Spôsob hodnotenia prevádzkovej udržateľnosti spaľovacieho piestového motora s prihliadnutím na priebeh jeho štartu*. Faculty of Mechanical Engineering, Technical University of Lublin.

2008: Habilitačná práca: *Spektrum štartu naftového motora ako kritérium hodnotenia podmienok používania vozidla*. Faculty of Operation and Economics of Transport and Communications of the University of Zilina, Slovakia.

PROFESIONÁLNE SKÚSENOSTI:

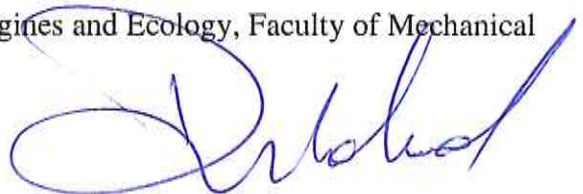

1992: odborný asistent: Department of Machine Design, Faculty of Mechanical Engineering, Lublin University of Technology

1999: doctor: Department of Machine Design, Faculty of Mechanical Engineering, Lublin University of Technology.

2008: docent: Department of Machine Design, Faculty of Mechanical Engineering, Lublin University of Technology.

2008-2009: prodekan pre pedagogickú činnosť: Faculty of Mechanical Engineering, Lublin University of Technology.

2011: docent: Department of Transport, Combustion Engines and Ecology, Faculty of Mechanical

Engineering, Lublin University of Technology.

2009- 2016: prodekan pre pedagogickú činnosť: Faculty of Mechanical Engineering, Lublin University of Technology.

2016-súčasnosť: prorektor pre pedagogickú činnosť: Lublin University of Technology.

Lublin, 13.06.2022

PhD. Eng. Paweł Drożdziel, Associate Professor
